Dear Sir:

Applicants note that an issue fee of \$665.00 was paid on or about November 28, 2003 and another issue fee of \$35.00 was paid on or about March 10, 2005 in this case. These fees apparently paid at the rate for Small Entities. Applicants acknowledge that this case was assigned to Medtronic, Inc. by virtue of an assignment dated December 2004 that was recorded, in part, at the U.S. Patent & Trademark Office on April 25, 2005 (copy attached). The assignee is a large entity, thus, the issue fee of \$1,709.00 for this case should have been paid (which represents the large entity rate). Applicants herein request and authorize that the difference in the issue fee rates of \$1,709.00 minus \$700.00 (actual payment) = \$1,009.00 be immediately charged

to applicant's Deposit Account No. 13-2546 during the pendency of the above-identified application.

Because the issue fee payment in this case included an authorization to charge a deposit account for any fee deficiencies, applicants do not believe this case is abandoned. However, the U.S. Patent Office may disagree, and applicants desire to expedite prosecution and grant of a patent. As a result, this petition is being presented in the alternative.

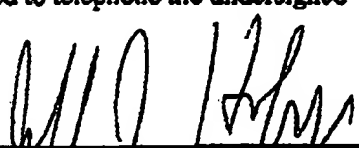

In the alternative, applicants herein petition to revive this case for unintentional abandonment under 37 C.F.R. Section 1.137(b). The entire delay in supplying the difference between the small entity fee and the large entity fee from the due date of the issue fee to the date of this petition was unintentional. The abandonment was unintentional. Please charge the fee of \$1,500.00 under 37 C.F.R. Section 1.17(m) as well as the deficiency in the issue fee payment to Deposit Account No. 13-2546.

Please charge any fees required to pass this application to grant to Deposit Account No. 13-2546.

A revocation of all previous powers of attorney is being filed contemporaneously herewith. A continuation application is also being filed on the date of this petition.

If a telephone call would be useful to the U.S. Patent and Trademark Office to resolve any of the outstanding issues in this case, the USPTO is invited to telephone the undersigned attorney.
